

**St. Augustine High School
Mathematics Department**

Dear Parent:

I am looking forward to my second year of teaching at St. Augustine High School. I am teaching Pre-Calculus and AP Calculus. I have a Bachelor of Science in Education from Arkansas State University with a major in Mathematics and a Masters of Science in Secondary Education with a major in Mathematics from Laredo State University. I have a teaching certificate in mathematics from the State of Texas, have been certified for Gifted & Talented and have many hours of training in Advanced Placement through Summer Institutes and Two-Day Conferences.

I have thirty-eight years of teaching experience, four at West Memphis, Arkansas, seven at Holding Institute in Laredo, twenty-six years at United High School in Laredo and one year at St. Augustine. I have taught AP Calculus for the past seventeen years and have taught Pre-Calculus for many years.

My hope is that my students will have a positive, enjoyable, and enriching experience in mathematics this school year and will be prepared to accept the challenges of university level mathematics once they leave my classroom.

If you have any question or comments, please feel free to contact me by phone at (956) 724-8131 or by e-mail charles_whitfield@st-augustine.org .

Respectfully yours,

Charles A. Whitfield
